

ImageSource Named to Fast-Growth 100 List by CMP Media's CRN

Identified as One of the Fastest Growing Solutions Providers Across all Specialty Areas and Business Models

Olympia, WA, July 10, 2007 - ImageSource, Inc. today announced that the company has been identified by CMP Media's CRN, vital information for VARs and technology integrators, as a Fast-Growth 100 company for the third straight year.

As a leading provider of enterprise content management solutions and professional services, ImageSource maintains steady growth through a commitment to the company's core values. A dedication to best practices, providing best in class solutions and long term relationships with Customer Partners enables ImageSource to continually advance. Also fueling ImageSource's growth is the capability to meet critical needs for a growing geographic market and a continued investment in developing the ImageSource ILINX product line.

"New ILINX development leverages current technology and elevates the capabilities of our Customer Partners Enterprise Content Management platforms," said Shadrach White, CTO of ImageSource, "This award parallels the expansion of our ILINX product suite."

CRN's Fast-Growth 100 identifies the 100 fastest growing solution providers across all specialty areas and business models. The profiles and data developed by CRN's editorial staff provide insights into which models and technology are proving to be the most lucrative.

"I'd like to thank our Customer Partners for their commitment to bring value to their organizations through innovative solutions," said Terry Sutherland, CEO of ImageSource. "Being able to consistently evaluate and expand our technology offerings and provide the best fit for our Customer Partners has been made possible through interactive relationships. I'd also like to thank our ImageSource team of professionals. Their ability to create solutions that deliver real benefits to our Customer Partners is another key reason we have achieved this success."

"As the channel's vital resource, CRN is solely focused on the Solution Provider community. This list, created by our editorial team, recognizes the Solution Providers that have worked tirelessly to support their customers. We salute them on their superior growth," said Robert DeMarzo, Editor of CRN.

"What makes this list so unique, and compelling, is that it represents such a large cross-section of the channel universe. What's more, this is a dynamic list. While 59 companies that were on CRN's 2006 Fast Growth 100 ranking made the grade again this year, sheer ingenuity and investment savvy propelled 41 new solution providers to growth rates worthy of the final cut."

ImageSource is proud to be one of only a few solution providers to have been named to the Top 100 three years running.
