

**IMAGESOURCE ANNOUNCES THE DATES & THEME FOR NEXUS 2008
INSPIRATION, EDUCATION, COLLABORATION**

Olympia, WA, June 25, 2008 – ImageSource, Inc. is pleased to announce the dates and theme for their annual ECM Solutions Conference, Nexus 2008. The dates for this educational event featuring the latest technology around Enterprise Content Management are set for October 14-15, 2008, with pre-conference training on October 13.

The two-day conference will be held at the contemporary Meydenbauer Convention Center in Bellevue, Washington. This year's theme, "Inspiration, Education, Collaboration" transpired from the synergetic forum that has taken place over the past several years. Previous attendees listed networking, inspiring ideas, educational seminars and informational presenters as the key benefits of Nexus.

"This year's conference will continue to mature and grow," said Terry Sutherland, ImageSource, CEO. "Featuring independent speakers, valuable content and the latest technology offerings, Nexus has become the northwest's premier networking and education event for content management."

Attendees in 2008 will gain insight from professionals and will have the opportunity to exchange ideas with peers and discover what has been beneficial in their solutions. Ideas will be presented that have proven successful for Fortune 1000 companies, government entities, healthcare organizations, financial services, education as well as others. Presentations will include information on project management, industry trends, the latest technology, case study examples, technical breakouts and more.

Because of the high degree of educational content offered at this conference ImageSource earned the Registered Education Provider (R.E.P) status through PMI and offers 12 PDU credits to Project Managers with PMP certification. Nexus 2008 will also provide ICRM CMP Maintenance Hours for Certified Records Managers.

Participants from the 2007 conference said Nexus provided valuable information and gave them insight as to how to better their businesses.

"As an informational conference, Nexus helped me start to see the bigger picture, redrawn with more ideas about products and resources. I'm far more prepared to ask the difficult questions that will lead to better solutions. I'm definitely energized and looking forward to Nexus 2008!"

- Bev Roberts, Registered Health Information Administrator, Deer Park Physical Therapy

"Nexus is extremely worthwhile, informative and a first-class event. I learned something from every session I attended."

- Alison Sonntag, Chief Deputy Clerk, Kitsap County

In addition to the impressive educational benefits of the conference, evening entertainment will be offered at the new Lucky Strike Lanes in Bellevue. The chic venue

doesn't resemble your typical bowling alley and includes one-of-a-kind dishes made by master chef, Bill Starbuck. Combine fun games and great food and you've got an incredible evening at Lucky Strike Lanes.
